

On December 17, 2012. NPCT meeting was held at premises of Faculty of Electrical Engineering, University of Nis with participation of representatives from Serbian Universities. Beside discussion related to the quality of achieved project results, project management and further project activities, the main topic of the meeting was planning for the realisation of equipment purchasing. The equipment should be carefully selected and we dedicated lot of attention on analysis of needs, selection and justification of each piece of equipment. Working Group for the purchase of equipment consisting of one representative from every Serbian university is created. The report from the meeting (in Serbian) can be download from [here](#) . More pictures from the meeting can be found in [Gallery](#)
