

Objectives

1. To promote the reform and modernisation of higher education in the partner countries

2. To enhance the quality and relevance of higher education in the partner countries

National Priorities

This project meets National priorities for the TEMPUS projects in the field of Curriculum Reform with a specific priority: The Development of interdisciplinary and multidisciplinary studies. The project directly addresses the priority of curriculum reform because the principal outcomes from the project are accredited interdisciplinary study programs of automotive engineering and urban engineering at four Serbian universities: Kragujevac, Nis, Novi Sad and Novi Pazar at bachelor and master level. The programs should be modernized and harmonized with appropriate relevant EU programs (structure, ECTS, degree recognition).
